Mr. Angus MacLean Thuermer
Assistant to the Director
Central Intelligence Agency
Washington, D. C. 20505

Dear Mr. Thuermer:

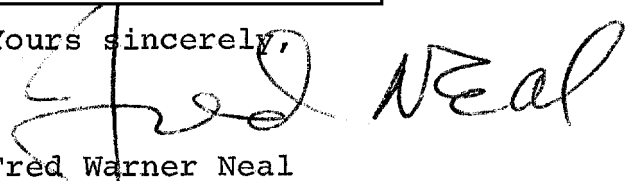

I enjoyed very much our conversation last week following my talk with Director Colby, and I look forward to our being associated again in connection with the Director's participation in the Pacem in Terris IV Convocation.

As per our discussion, I am enclosing in your care a letter to the Director which outlines essentially what we talked about when I was at the Agency. I assume you will peruse it so as to be au courant of the situation.

If any questions should arise, please do get in touch with me. My phone numbers are:

Yours sincerely,

Fred Warner Neal
